FOXCONN AUSTRALIA PTY. LTD.

QUALITY POLICY

Foxconn Australia is a subsidiary of a global organisation that designs & manufactures products to meet the needs of our customers. It provides a world class manufacturing service that is consistent, reliable, cost competitive and delivers excellent quality and fast turnaround times to our customers.

In order to monitor and continuously improve our performance, Foxconn has established a Quality Management System based on the principles of the internationally recognised ISO 9001:2015 Quality Management Systems.

The Foxconn Quality Management System (QMS) demonstrates our commitment to achieving the best possible results for both Foxconn and our customers.

Foxconn's (QMS) aims to:

- *Meet the requirements of interested parties.*
- *Provide the necessary resources and ensure that responsibilities and authorities are determined and communicated throughout the organization.*
- *Establish quality objectives, which are reviewed frequently through the Management Review process.*
- *Ensure that the Foxconn's QMS remains effective in achieving business and quality objectives, conforming to the requirements of the ISO 9001:2015 Standard.*
- *Seek structured feedback from the customer(s) carry out actions in accordance with customer requirements.*
- *Evaluate opportunities for continual improvement.*

Foxconn Australia promotes a safe, open and dynamic environment that encourages our highly skilled and self-motivated employees to excel in all areas of our business.

Foxconn's Quality Policy is reviewed annually by Foxconn's Management Team and where deemed necessary is amended and re-issued. This policy has been communicated to all relevant interested parties and is available on Foxconn's web page.
